

Amendments to the Specification:

On page 1, paragraph 1, please replace the title with the following amended title:

CLOCKED INVERTER, NAND, NOR AND SHIFT RESISTER REGISTER.

Please replace the paragraph beginning at page 1, line 4, with the following rewritten paragraph:

The present invention relates to a clocked inverter and also relates to a shift resister register including a clocked inverter as a unit circuit. Further, the present invention relates to electric circuits such as a NAND and a NOR.
